

Car tyres S600

Features: wear-resistant, oil-saving, comfortable, quiet, safe, control

Share:     

BIONIC PRINCIPLE AND DESIGN CONCEPT

Unequal pitch pattern block layout can effectively restrain the resonance between tread and road surface and reduce noise

High performance shoulder pattern design greatly enhances steering and control accuracy

The design of three longitudinal grooves on the tread greatly enhances the drainage performance of the tire

Silicon containing wear-resistant tread design greatly reduces rolling resistance and enhances tire wear resistance

SPECIFICATION PARAMETER

Specifications	Load index Speed level	Adaptab le vehicle
155/65R13	77T	CHEVROLET SPARD;CHERY
165/70R13	79T	CHAALISGEELYMERIE
175/60R13	77H	ROEWE E50
175/70R13	82T	MAZDA323KIA MAXIMA 1.3,
